

Ladies and Gentlemen:

I enjoy and benefit from listening to XM Satellite Radio and its traffice and weather channels. Satellite radio provides variety, quality and continuity of service that are not otherwise available on AM or FM broadcasts.

I pay for these services and it is not appropriate for the National Association of Broadcaster (NAB) to determine what I am permitted to hear.

I urge you to reject the NAB's petition 04-160 and to support XM's ability to provide the type of programming that I wish to have.

Respectfully submitted,

Val Lynch
